## UFOGOLF Solar Calendar Events!

Janis of Latvia is considered to be one of the main deities of fertility and light rebirth, it is the form of the summer solstice, a human embodiment. John is said to be literally a comer and a walker who only comes and goes at the summer solstice. By the way, according to ancient stories, only saintly men who used to hold the ancestors' faith in the nation could have previously been called John and John's sons. Midsummer's Day is often also referred to as Herbal Day or Herbal Evening, as it is believed that during the summer solstice, all medicines called "weeds" have maximum, even magical, power and effect, so they must be harvested and applied directly on Ligo Day.
