**"The Estonian Trilogy 2023"** - is a gathering of Latvian disc golf enthusiasts in Estonia to play disc golf together and try to take down obstructive trees. All stages are organized so that athletes can prepare for the season, while vacationers can enjoy the game in a sporty manner and improve their skills. The games will be played STRICTLY according to PDGA rules. It may happen that a participant secretly counts points for someone else and reports an incorrectly named result (multiple violations of the rules may also result in penalty points).

**League sponsors and prize fund** - we don't have any yet, but if a sponsor wants to join the tournament, the entry fee is 100 EUR, and if you win the tournament, you will receive 50% of the entry fee back. Being together and having fun is already a reward.

## PROGRAM

3 days of playing on Estonian disc golf courses.

## ENTRY FEE

To be determined individually with the tournament participants. Entry fee in cash only.

### Player's responsibility

Be happy if you hit the first tree, because eventually we will knock it down.  
Know the rules of the game (PDGA).  
Cancellation of participation is not possible.

See you on the course!
