**Time:** always lunch time, first round 12:15pm, latest finish 01:45pm/02:00PM

*Ace pot optional each league day : 2,- CHF (payout during corresponding league day if ace will be scored, if not accumulating ace pot for league championship)*

## **How to Win**

Every league day gets you points awarded on DiscGolfMetrix according to your ranking.

points: 100 for the winner, 90 for second position , 80 for third, 70 for fourth, and so on.

There are 11 league days - **your best 5 rounds will be counted.**

In addition, there will be a crowning League Championship, a two day tournament that awards even more points.

The sum of it all will determine the League Winner (you?!). **Only a LDGA Club member can win the League by**

points standing.

**\* The League Championship is a qualification event - you have to play at least two league-day to qualify.**

Any player can play in the Championship, but only qualified players will get League points and can become winners of our league.
