|---|

- e. Player who has not paid the fee by the required date may be excluded by the TD from the competition in the respective Major Round.
- f. The TD pays the sanctioning fee to the PDGA for the organization of both Major Rounds.
- g. Each player participating in a Major Round will receive a player pack consisting at least of one premium plastic disc. Player packs will be distributed before and after each Major Round.
- h. Holders of the League Pass will receive both premium plastic discs at the first Major Round together with a commemorative pin.
- i. League winners in the general standings in each category are rewarded trophies, diplomas and/or material prizes. Additional prizes may be awarded for places below first and for contests announced by the TD as well as for the winners of each Major Round.

#### **4. Registration**

- a. Registration is required for each Round of the League. Players should register for each Round at the respective event under <https://discgolfmetrix.com/2499155>. TD will provide opportunity to register for each Round at least a week before its start.
- b. The limit of spots is 45 players in each Regular Round and 65 players in each Major Round. In special cases, the Organizer may allow the participation of more people.

## 5. Locations

- a. League Rounds are played at the locations specified in the schedule (point 1.c.) on layouts approved by the TD.
- b. Regular Rounds at Parc um Belval are played on layouts consisting of at least 9 holes with Championship tier baskets (including mobile baskets).
- c. 2nd League Round at Parc-Klose-Groendchen is played on a layout consisting of at least 9 holes with PDGA approved mobile baskets.
- d. Major Rounds at Parc um Belval are played on layouts consisting of at least 13 holes with Championship tier baskets (including mobile baskets).

## 6. General Standings

- a. The winners of the League are determined by the placement in the general standings of the League.
- b. For each Round each participating player is awarded certain amount of points towards their score in the general standings of the League according to the breakdown below:

| Place | Points |
|-------|--------|
| 1     | 100    |
| 2     | 90     |
| 3     | 80     |
| 4     | 75     |
| 5     | 70     |
| 6     | 67     |
| 7     | 64     |
| 8     | 61     |
| 9     | 58     |
| 10    | 55     |
| 11    | 52     |

|    |    |
|----|----|
| 12 | 50 |
| 13 | 48 |
| 14 | 46 |
| 15 | 44 |
| 16 | 42 |
| 17 | 40 |
| 18 | 39 |

...

|    |   |
|----|---|
| 54 | 3 |
| 55 | 2 |
| 56 | 1 |
| 57 | 1 |
| 58 | 1 |

...

- c. For each Major Round the amount of points awarded to each play is multiplied by x1.5 factor, e.g. 150 points for 1st place, 135 for 2nd, 120 for 3rd etc.
- d. If there are multiple players tied for any given place, each of them receives the amount of points equal to average number of points that would be awarded to them if they took consecutive places starting from the place they are tied for. *Example: three players finished a Round tied for 11th place - each of them is awarded  $(52 + 50 + 48) / 3 = 50$  points towards the League general standings.*
- e. If there is a tie for the first place at a League Round, it must be broken and the tiebreaker winner is awarded 100 points and the other player(s) are awarded points according to the rules above. *Example: after a League Round there is a three-way tie for 1st place - after breaking the tie the winner is awarded 100 points and the other tied players are awarded  $(90 + 80) / 2 = 85$  points each.*
- f. Points awarded for each League Round are rounded up to full units after the above calculations. *Example: two players tied at 4th place at a Major Round are awarded  $(75 + 70) / 2 * 1.5 = 145 / 2 * 1.5 = 72.5 * 1.5 = 108.75 \approx 109$  points each.*

- g. The general standings are carried out separately for each category.
- h. The total score in general standings for each player is calculated as a sum of maximum four of their highest scores received in individual Rounds. *Example: Player A has completed five League Rounds and received scores of 70, 90, 100, 90, 70 points - the total score for that player is  $(100 + 90 + 90 + 70) = 350$  points.*
- i. If a player has completed less than four League Rounds, their total score is the sum of all scores they received.
- j. Cancellation of any League Round results in decreasing the maximum number of scores included in the calculation of the total score for all players by one.
- k. In the event of a tie for first place in the general standings of the League at the end of the League, the final standing is decided by a sudden death playoff according to the rules set by the TD.
- l. If there are ties at any place (other than first) for which a prize has been provided the prize goes to the player present at the final League Round. If both players are present, the tiebreaker is a sudden death or disc golf skill contest (e.g. CTP, putting contest) as decided by TD. If neither player is present, the tiebreaker will be decided by more rounds played by each player, then by higher best finishing place at any League Round by each player, then by more higher placements in League Rounds than the other tied player(s).

## **7. Groups and Scoring**

- a. Before the start of each round, the groups are announced in the application used to record the results. Groups start in shotgun format from the holes corresponding to the group number.
- b. Participants are randomly assigned to groups in the first round of each League Round. In justified cases, the TD has the option of abstaining from this rule for some participants (e.g. allowing parent playing with their children or ensuring the participation of an experienced person in a group of beginner players). In the second round of each League Round, players are assigned to the groups according to the standard PDGA rules.
- c. An application that should be used to record the results is <https://discgolffmetrix.com/>. The player in the first position in his group is responsible for scoring. Players should conduct parallel scoring using PDGA digital scorecard <https://pdga.com/apps/tournament/score> for Major Rounds or any other application or method to ensure correct scores for Regular Rounds. The player in

the second position in their group is responsible for parallel scoring. Players may decide within the group to select different scorekeepers.

### **8. Final Provision**

Joining the League as TD or as player in any of the League Rounds is tantamount to acceptance of the above rules.
