MIJAS DISC GOLF COURSE

BY PRODIGY DISC

DISC GOLF IN A NUTSHELL

Disc golf is played much like traditional golf, instead of a ball and clubs, however, players use a flying disc or frisbee. Disc golf shares with "ball golf" the object of completing each hole in the fewest strokes (or, in the case of disc golf, fewest throws).

1. The target is to throw a golf disc from a tee area to a target which is the "hole".
2. After each throw, the person furthest away from the target throws first.
3. Each throw is to be taken from the spot where the previous throw has landed.
4. The hole is complete when the disc lands in the hole (disc golf target).
5. The winner is the player with least amount of throws used to complete the whole course.
6. Disc golf is designed to be enjoyed by people of all ages.

DISC GOLFER'S CODE

1. PLAY SMART

Never throw into a blind area or when players or other facility users are within range.

2. RESPECT THE COURSE

Observe all posted rules. No littering, no abuse of equipment or flora.

3. RESPECT THE SPORT

Be positive and reasonable. Teach others.

There are a lot of other facility users on the premise. Please make sure you take them into consideration when throwing!
