

MEGAEPIC DISCGOLF TOUR 2023

GENERAL INFORMATION

The MegaEpic Disc Golf Tour 2023 is just around the corner.

This year Mega Epic will see a slightly changed and updated format. It will turn into a Touring Event that will focus on fewer courses played on specific dates, giving us a chance to gather more frequently, have fun and enjoy golfing together.

PARTICIPATION

The MegaEpic Disc Golf Tour 2023 is a private event, and **participation is by invitation only**. All permanent players are automatically invited and have the right to invite additional participants.

Each invitation should be addressed individually, and they should not be posted publicly in different thematic groups. We follow the principle that an invitation is like a recommendation for the invited person, which means you agree/want to play with the person and have a beer with them afterward.

RULES

General PDGA rules will be followed during the rounds.

Unless specified otherwise, each tee card defines the track's rules.

OBs are defined by Tee signs and track markers (sticks/lines on the track).

In cases where OB delimitation cannot be found on the track, the card will make a decision, and if there is no agreement between members, TD should be contacted to make the final decision.

Some special rules may apply during the main event, but TD will discuss them on the spot before the round begins.

HANDICAP SYSTEM

Handicap system is the same system applied from previous ME events.

It is calculated for each player individually on each track, taking into account the player's Metrix quick rating at the time of going to the track. The ratings of the courses (1 point rating value) are fixed at the beginning of the competition on 01.05.2023. Handicap is calculated using the following formula: $(\text{player quick rating} - 1000) / \text{track 1 point rating value}$. It is subtracted from the player's result, the handicap result is obtained.

Each player has to play at least 3 small competitions in 2023 before the first event so that their Quick Rating is up to date and existent.

POINT SYSTEM CALCULATION

Main events use the same point system as in previous years.

Points are divided as follows:

(X = number of competitors)

(Formula = $(X - \text{'position'} + (3 - \text{'position'}))$, first place = 0)

1st	$X + 3$
2nd	$X - 1 + 3 - 1 \rightarrow X - 1 + 2 \rightarrow X + 1$
3rd	$X - 2 + 3 - 2 \rightarrow X - 2 + 1 \rightarrow X - 1$
4th	... $X - 3$
5th	... $X - 4$
...	

In the event of a tie, players receive an equal amount of points (e.g. 2 players in a tie for first place would both receive **$X+3$** points).

 There are 7 courses to be played during the tour. The lowest score of each participant will be discarded in the final result. Only the best 6 rounds will be counted.

 During the kick off event, there are two rounds to be played. To be fair for the people who unfortunately cannot participate during that day, it is possible to play the first course (Annikoru AM) on a separate day. If all the missing participants can organize a separate day to play together the 2 courses (Annikoru AM + Elva), then it will be counted in the points. More information to be discussed with the TD in that case.

PowerStage courses can be played as many times as a player decides to. The participation needs to be announced prior to the round, and the last round will be counted for the scoring (Player can not play alone, there needs to be at least another golfer during the round, although it does not need to be a MEDGT participant present).

If you do a round with -10 and then decide to play again for PowerStage and do -2, -2 will be counted to the point calculation.

The **PowerStage** events award points to the **5 best scores**, and in the event of a tie, the main event rules apply.

1st	5 points
2nd	4 points
3rd	3 points
4th	2 points
5th	1 point
