

# keisari Open 2021

**Legend**

- Tee
- Target
- OB
- Mandatory
- Parking
- Toilet

Many of the holes are temporary and located in a public park. Be careful and make sure it's safe to throw. If there are other park users in dangerous places, please kindly guide them to a safer place. Use spotters where necessary.

Primary OB line is the painted line on the ground. If there is no OB line, or the line has faded, use the OB poles to determine the lie. Some holes have natural or manmade features that designate the OB line, these are specified in the teesigns and hole infos. Remember that the OB line itself is OB.

If you're unsure about something, remember that you can always play a provisional and settle the matter with the help of an official at the tournament office after the round.
